**Lynn Pride flag raising**

The raising of the Pride Flag encourages the North Shore Pride members to express who they are and their personal individuality. This traditional event is a celebration to bring the community together no matter what sexual or gender you are.

In June of 1969 the Stonewall Rebellion in New York City brought people out to stand up for equal rights for all individuals regardless of their sexual orientation or gender identity. A recent Supreme Court ruling prohibits workplace discrimination on the basis of sex that equally applies to gay and transgender Americans.

Mayor McGee presented a recognition for the event.

**Avery named boys basketball head coach at Lynn Classical**

Marvin Avery is the new boys head basketball coach at Lynn Classical High School. Classical Athletic Director Bill Devin made the announcement Wednesday, returning a legendary, state championship-winning coach to the basketball scene. Devin was elated to have Avery at the helm of the school's basketball program.

"We went with a coach that has 15 years of head coaching experience," said Devin. "Coach Avery has won a state championship. Importantly, he has many ties to the Lynn community. His teams are always gritty, they play relentless defense, and he uses all 12 of his guys on a varsity roster in a game, because he plays such an up-tempo style of basketball."

"But the main reason we want Coach Avery leading our program is because he brings a model of discipline, he stresses academics and being on time for school every day," said Devin.

"We're elated that Marvin is available and he told us that he still has a lot of gas in the tank and he's ready to lead the Rams."

Avery began his first interview as the new coach by saying how grateful he was to Classical Principal Amy Dunn and Athletic Director Bill Devin for the opportunity to coach at the school and to start "my dream job."

"I'm excited to get going and to be in Ram Country," said Avery.

**TRADE AND TALENT**

Nelson Saldana works as a mechanic, speaks as an artist.

By Cary Shuman

On weekdays, Nelson Saldana works as a truck mechanic at Thermo King on Ballard Street. On Saturdays, he reigns as Chelsea’s “Magnificent Muralist.”

Saldana is becoming an artistic sensation in his hometown of Chelsea, where his most recent work of art is attracting hundreds of visitors daily to the downtown district on Broadway.

The 32-year-old artist first attracted the attention of Chelsea officials for previous large-scale murals he composed for another area of the city.

Those initial works in the city were so awe-inspiring that he was invited to participate in this summer’s “Chelsea Prospers” project.

“They have continued to reach out to me to do more work and this was the next one on the list,” he said humbly.

The theme for his current project is “We Come Together As One” and Saldana has portrayed the message in impressive fashion.

In the mural, Saldana centered “We Are 1” between the continents of North America and Africa. He drew bodies of water in the center of the continent.

COVID-19 IS A PREDATOR -- AND WE ARE ITS PREY

The media, politicians, and others have likened our ongoing battle with the corona virus as the equivalent of “going to war.”

The doctors and nurses in the overburdened ERs in New York City, when its hospitals were being overwhelmed with corona patients in March, put it this way in discussing the stresses and challenges they were facing when they lacked personal protection equipment, ventilators, and other essential medical needs: “It’s like going to war, but without being given guns and ammunition.”

But as we enter the fourth month since the start of the lock-downs in many of our states, the “going to war” metaphor does not seem entirely appropriate.

Rather, the corona virus, which is stealthy and unseen except under a microscope (it is 1/1000th the width of a hair on our heads), is more like a hunter seeking its prey -- and its main prey is the human race.

We like to think of ourselves as kings of the world, sitting atop the food chain. Even if we cannot match a shark in the water or a lion in the jungle, we have weapons readily at our disposal to cope with any threats we may face from the natural world.

But the corona virus has humbled us. We as a species have proven no match for this pandemic that Mother Nature has thrust into our midst.

As with any predator in the wild, the corona virus seeks out the easy targets, the old and the weak. Per Darwin’s theory of evolution, only the strongest survive.

But intelligence also is a key to the survival of members of a species. The pandemic has proven that point as well, also taking as its only the strongest survive.

We think of ourselves as kings of the world, sitting atop the food chain. Even if we cannot match a shark in the water or a lion in the jungle, we have weapons readily at our disposal to cope with any threats we may face from the natural world.

The pandemic has proven that point as well, also taking as its only the strongest survive.

City of Lynn COVID-19 update

The Lynn Public Health Department has confirmed that as of today, the number of active, confirmed positive COVID-19 cases is 840 with 9 new cases today. 2,700 Lynn residents have recovered and 98 have died. The total number of confirmed positive COVID-19 cases in Lynn since March 21, 2020, including those who have died and recovered, is 3,638. Please visit the new City of Lynn COVID-19 Data Dashboard which is updated daily.

Today the Mayor and the Public Health Director signed an executive order rescinding the COVID-19 Guidelines and Procedures for all Construction Sites and Workers at all Public Work Projects in the City of Lynn. All construction sites in the City of Lynn will still be subject to the State’s COVID-19 Construction Safety Guidance. Please visit the State’s Construction COVID-19 guidelines at https://www.mass.gov/info-details/safety-standards-and-checklist-construction.

Lynn residents can visit the following link to submit their COVID-19 questions, comments or concerns about the City of Lynn’s Phase 2 business re-opening guidelines. Submissions will then be forwarded to the appropriate department regarding your concern. Please visit www.mass.gov/reopening or the City of Lynn “Reopening Guidance” webpage at http://www.ci.lynn.ma.us/covid19/reopening.shtml for more information and resources on sector specific safety protocols as we continue to progress through the Commonwealth’s Four-Phase Reopening Plan.

We will continue to provide regular updates on COVID-19 through the City website (www.lynnma.gov), social media, and the Smart 911 emergency notification system (sign up at www.smart911.com).

Actualización de COVID-19 de la ciudad de Lynn del 23 de junio de 2020.

El Departamento de Salud Pública de Lynn ha confirmado que a partir de hoy, el número de casos activos, confirmados positivos de COVID-19 es 840 con 9 casos nuevos hoy, 2,700 residentes de Lynn se han recuperado y 98 se han muerto. El número total de casos positivos confirmados de COVID-19 en Lynn desde el 21 de marzo de 2020, incluyendo los que murieron y se recuperaron, es 3,638. Por favor, visite el nuevo registro de datos de COVID-19 de la ciudad de Lynn que se actualiza diariamente.

Continuaremos brindando actualizaciones periódicas sobre COVID-19 a través del sitio web de la Ciudad (www.lynnma.gov), las redes sociales y el sistema de notificación de emergencia Smart 911 (regístrese en www.smart911.com).

The North Shore Navigators will be playing baseball this summer

The Futures Collegiate Baseball League has formally unveiled its plans to begin the 2020 season with a six-team schedule on Thursday, July 2. Commissioner Joe Paolucci made the official announcement on Monday.

The Navigators will open their season on one of the two Futures League games on the first Thursday of July, making a short trip north to Historic Holman Stadium in Nashua, N.H., to face the nearby rival Silver Knights for the first of 12 meetings between the teams this season.

“We are beyond excited to get Navigators baseball back at historic Fraser Field,” Navigators President Derek Harmon said. “Everyone involved with the league from the ownership group to front office staff should be commended for working to get this season going. The Navigators have collaborated with the City of Lynn to put together a great plan to keep everyone safe while enjoying a night at the park. We can’t thank Mayor Tom McGee, his staff and Rich Avery enough for working with us as the new ownership group of this great organization. We promise to make everyone proud both on and off the field.”

The Navigators’ home opener at Lynn’s 80-year-old Fraser Field is set for Tuesday, July 7 against the defending and four-time league champion Worcester Bravehearts. North Shore will play a total of 19 of its 39 regular-season games on home turf this summer.

In a change from the summer’s original plans, all Monday-Saturday home games will begin at 6 p.m., while the start time of Sunday home games remains at 4 p.m. The lone exception at this time will be on Sunday, August 16 when the Navigators host the Westfield Starfires for a 2 p.m. doubleheader.

At least initially, Fraser Field will open at 25 percent of its capacity due to COVID-19 restrictions. The team will keep close track of bodies in seats and skip rows and seats as necessary to ensure that proper distancing is enforced all throughout the ballpark. Groups and hospitality areas will also operate with reduced capacities.

Ticket information will be released shortly.

The Futures League will consist of six teams during the 2020 season as the Pittsfield Suns will not operate. While Nashua marks the Navigators’ most common opponent this summer, they will play the Brockton Rox on 11 occasions and the Westfield Starfires seven times.

The 2020 regular season will run through Wednesday, August 19. Immediately following the regular season, the top two teams in the regular-season standings will move into a best-of-three series to decide the Futures League championship.

The Navigators are now getting ready to begin the 13th season of collegiate ball at Fraser Field and their ninth in the Futures League this July. Stay up to date on the latest Navigators’ depth chart by visiting ssnavs.com and following us on Facebook, Twitter and Instagram.
TIME TO BE A FAN
Mike Cella retiring, will enjoy grandchildren’s high school careers

By Gary Shuman

Mike Cella, 70, was an assistant coach on Paul Sobolewski’s staff at Pope John High School when the 12-0 Tigers advanced to the Super Bowl at Gillette Stadium only to be denied a state title by St. Bernard of Fitchburg. Pope John closed its doors in 2019 and Cella sat out last football season.

Sobolewski is back as the head coach at Lowell Catholic High School under coach Henry Hoo-ten and three years of football at Revere High School, to be an assistant coach on the LC staff. But Cella, while grateful for the chance to resume coaching, has decided that his 60-plus years in football may be coming to an end.

“I was going to coach, but I want to watch my grandchildren play football,” said Cella. “I thought about it but I don’t think I can maintain the level of coaching that I wanted to do the way I am today, so I have to be back off, unfortunately,” said Cella in announcing his retirement from coaching.

Cella recalls hiring Sobolewski on his RHS staff in the mid-1990s. Sobolewski said he learned a lot about coaching in those two seasons and when he became a head coach at Winchester, Georgetown, Cathedral, and Pope John, the first call he made was to Mike Cella to continue to be a coach on his staff.

The Revere Years
Mike Cella played one year of freshman football at the Garfield School under coach Henry Hoo-ten and three years of football at Revere High School for his father Silvio’s varsity team. “I was a fullback and a linebacker all three seasons,” said Mike.

He remembers his RHS football teammate Alan Drover, who went on to play at the University of Tulsa in Oklahoma. Mike himself went on to play college football at Northeastern University.

After first being an RHS assistant coach and then accepting an assistant coaching position on Ed Nizwantowski’s staff at Peabody High, Mike returned to Revere High as the head football coach, succeeding former NFL football player John Miller.

Remembering All-Scholastic running back Marc Silvestri
Marc Silvestri on the gridiron when the school was a member of the Greater Boston League that included Everett, Arlington, Medford, Malden, and Somer-ville, among other schools.

“There were no easy games on the GBL schedule then,” said Mike. “I was never a fan of the Northeastern Conference who really didn’t respect our league. I’m very glad that Revere High is back in the GBL.”

A Decision to Retire
Mike Cella is content right now to leave the game he loves and become a proud grandparent sitting in the stands and watching his two grandsons continue the family’s legacy on the gridiron.

“I just can’t give to the kids today the coaching I normally did, like getting down in three-and-four-point stances, firing off the ball, showing them steps – my knees and my hands won’t give it to me,” said Cella. “I was able to instruct the players but I had to have one of the better athletes show the other players the actual technique. That’s not the way I wanted to coach. I’m 70 years old. I’m not a kid anymore.”

Mike and his wife, Pamela, hope to spend this fall watching their grandsons, Julien Cella (Wilmington) and Domenic Cell-a Scalese (Peabody) begin their high school football careers.

Julien is the son of Steve Cella, who had a superb career at Peabody High before becoming a two-time All-American football player at Trinity College in Connecticut.

“When I was coaching at Revere, Steve was playing for Peabody and he made an interception, showed me the football, and he ran right past me on his way to the end zone for a touchdown. We didn’t have dinner together for the rest of the season,” Mike said in jest.

Domenic is the son of Stephanie Cella Scalese, who played softball and ran track at Peabody High.

“Domenic is a kicker and we’ve been working out at Peabody High School,” said Mike. “He’s 14 years old and he’s been kicking 35-40-yard field goals.”

Mike will also be keeping tabs on his great-nephew, James Murphy who is a talented sophomore quarterback at Reading High School.

The Silvio Cella Foundation
Mike Cella and his sister, Gina Cella, have carried on the family name in an impressive way. To-gether they founded the Silvio Cell-a Foundation to honor their father and his enormous contributions to high school football. The field-house at Della Russo Stadium is named in memory of Mr. Cella.

The Cell-a Foundation holds an annual golf tournament every year and has donated more than $100,000 in scholarships over the past 10 years.

“I have to say my father was a good man and a great father,” said Mike. “He was Harry Ag-gianis’ freshman football coach at Boston University. Harry used to come with Silvio to the house and my grandmother [Louise Cella] would cook dinner for him.”

Although Mike Cella will not be coaching on the sidelines, he said his heart will still be very much in the game of football and he will always carry forth all of the memories.

“I have great memories of being a part of Revere High foot-ball,” said Mike. “And I want to thank Paul Sobolewski for putting me on his staff for all those years.”

Coach Mike Cella
The Astounding Partnership of Diaz-Mateo and the Boys and Girls Club of Lynn

Ismael Diaz-Mateo is the recipient of the Boys and Girls Club Youth of the Year for the entire state of Massachusetts. That major honor is just one part of the incredible success story that is Ismael Diaz-Mateo.

He has been a member of the Boys and Girls Club since 2011. A 2020 graduate of KIPP Academy, Lynn, Ismael will be attending Tufts University, one of the nation’s most prestigious colleges, this fall.

He credits the Boys and Girls Club, executive director Brian Theirrien and program director Rob Kennedy for being positive role models and for providing the guidance and opportunities that led to this prestigious award and his admission to Tufts.

“Ismael is the kind of kid that you want to see succeed,” said Theirrien. “Ismael is an inspiration to all of us because he is just a great kid.”

Academic Programs at the Boys and Girls Club

At the age of nine, Ismael came to the United States from the Dominican Republic with his mother, Josefa Mateo and his brother. His grandparents were already living in Lynn.

He joined the Boys and Girls Club of Lynn where he met program director Rob Kennedy. Ismael said he couldn’t speak English when he arrived at the club.

“The Boys and Girls Club really helped me learn English, especially Rob,” said Ismael. “That’s one of the biggest reasons I want to give back to the club, because the club has shown me so much support and given me so many opportunities of learning while having fun as well.”

At the Club, he enjoyed table tennis, table soccer, basketball, and being a member of Club Tech, where members learned computer technology. He also joined academic-oriented clubs.

“It was in the education program where I learned with Rob and did all my homework,” said Ismael.

At KIPP, he excelled academically and participated in volleyball and cross country. He graduated with a 4.2 grade point average, complemented by eight Advanced Placement (AP) courses. He will be a resident student at Tufts and major in chemical engineering.

As a result of being named the Mass. Youth of the Year, Ismael has received academic scholarships from the Myra Kraft Foundation, the Lynn Boys and Girls Club, Toyota Foundation, and Comcast, who is presenting him a with laptop.

Rob Kennedy said he is “so proud” of Ismael and all his accomplishments. “I like to think we opened some doors for him and he took full advantage of every situation that was provided for him and I couldn’t be more proud of him just working so hard to pursue his goals and attain them. And he’s made me a better professional, so I’ll always have a special place in my heart for him.”

On being the Mass. Youth of the Year

What’s it like to be the Mass. Youth of the Year?

“It feels very unique – I can’t really describe it,” said Ismael.

“I’m very proud of myself but I also feel the road is still going. I want to try to represent the youth of Massachusetts as best that I can.”

Ismael prides himself on stepping up as a leader at the Boys and the Girls Club, in the school community, and in the City of Lynn. “I try to be a leader for many of the youths at the club and inspire them to reach out for their dreams and achieve them,” said Ismael. “I want to help out as many youths in Lynn as I can and I want to make sure the resources they need and that they are supported and are happy as well.”

Ismael displayed his emotions when he was asked to reflect one last time on his years at the Boys and Girls Club of Lynn.

“I can’t put it in to words how grateful I am to Brian and Rob and the Club – they have been such an amazing help,” said Ismael.

Avery / CONTINUED FROM PAGE 1

Avery led the Lynn Tech Tigers to the Division 3 state championship in 2002 and oversaw a stretch of excellence that included 10 consecutive Commonwealth Athletic Conference championships and four appearances in the Eastern Mass. finals. Three of his Tech players, Antonio Anderson (Memphis), Corey Bingham (Toledo), and Tony Gallo (Coppin State) went on to play Division 1 college basketball, with Anderson ultimately playing for the NBA’s Oklahoma City Thunder.

Avery has more than 240 victories in his illustrious coaching career.

One game that is already a “must-see” in Lynn will be the first meeting of Lynn Classical and Lynn English, who is coached by Antonio Anderson. That game will surely pack the gym.
City of Lynn Proclamation recognizing the LGBTQ community and declaring June is Pride month; he said, “The Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) took a positive stance against discrimination and to promote their dignity and equal rights in freedom and fairness”. He continued to state, “The LGBTQ contribute greatly to neighborhood revitalization, economic vitality, arts and culture, and the social fabric of our city”. Congratulations to the LGBTQ community celebrating Pride Month and their on-going community commitments in the City of Lynn.

Mayor Thomas McGee presents a City of Lynn Proclamation to Lynn resident Ana Masacote on behalf of North Shore Pride organization.

The one silver lining is that there will not be any layoffs right now of any City or School personnel – a stark contrast to Everett which just laid off 92 school workers and is looking to lay off or eliminate many City worker positions. The budget deficit of $5 million will be filled with money from the Rainy Day Fund.

“This budget does represent using $5 million in Stabilization Fund reserves to balance the budget,” he said. “We have hit so many problems with revenue and we have reserves and think now is the time to use it. Several unions have agreed to defer raises in their pay to prevent layoffs. We’re confident we can get through Fiscal Year 2021 without layoffs.”

A key problem for the City has been revenues, particularly hotel excise tax decreases and car rental decreases. Chelsea is heavily invested in the health of Logan Airport, and with it being basically shuttered for the last three months, millions of dollars are lost and will continue to be lost.

“I’m not sure how fast the economy can come back for a city like Chelsea that is dependent on the travel industry,” he said. “We have a lot of businesses that depend on Logan Airport… Travel is down 95 percent and it has an impact on our two biggest revenue generators including the hotels and the car rental companies – particularly Enterprise. We have serious concerns going into FY 21. It’s no different than Boston or any other City or Town.”

Ambrosino said they are expected a cut of about 30 percent to State Aid payments, which make up a substantial portion of the City Budget. However, there are federal bills floating around that could make a huge difference, including the HEROES Act. Were that approved, there is a chance that State Aid could be level funded from last year and a lot of things could return.

“If that bill were to pass in some form, the state wouldn’t have to cut city and town funding,” he said. “That’s the same for the School Department too. They might be able to provide some of the Student Opportunity Act money that was promised. We have a budget now that has $0 for Student Opportunity Act funding.”

He said that would prevent them from having to use the $5 million Rainy Day Fund money as well.

So far, though they have been able to keep personnel on and have been able to save the Summer Youth Employment Program and the Navigators, there are things that had to be deferred. Most of those things include projects in the Capital Improvement Plan (CIP).

For instance, Marlborough Street, which is to be reconstructed this summer, and it really needs it after years of neglect. However, that has had to be deferred until next year when things hopefully improve.

The City Budget now goes to the Council, who has already begun having hearings this week to review the submission. It must be passed by July 1.

**NEWS FROM AROUND THE REGION**

**LOOKING AT $5M DEFICIT**

CHELSEA - The crisis of the City Budget is in full swing now as City Manager Tom Ambrosino submitted a $181 million City Budget to the City Council this week that is down by $2 million from last year – a first in many years – and also has a $5 million deficit lingering.

“I would not characterize this budget submission as a positive effort,” said Ambrosino. “This is not the budget I had in mind when I was first proposing it in March. In fact, I had a budget for the first time in a long time not that did not rely on any reserves. We usually buttress our budget with about $1 million in reserves every year. I had a fully funded budget that was healthy and positive. That was all thrown out the door.”

Taylor said there appears to be something coordinated about the fireworks – particularly in that so much money would be required to buy so many to shoot off for so long every night. He said he believes law enforcement will get to the bottom of whatever the real motivation is.

“There does seem to be some sort of coordinated effort going on,” said Taylor. “I don’t know if it has any connection to the protests or not. I’ve been told that might be the case. It’s going on all over the City and I still have people coming to me or texting me about when they start and when they stop. It’s every day. I’ve never seen people more upset in Chelsea than about this. The question becomes who is funding all of this because it has to be very expensive.”

Taylor said he has reports of elderly people, veterans with PTSD and pets being traumatized – not to mention the essential workers who are trying to sleep prior to having to work long, tough shifts.

He said he would be willing to investigate whether or not there needs to be a hearing at City Hall, and maybe a change to the ordinance to stiffen the penalties for shooting off fireworks, particularly very late at night.

**DEMARIA CALLS RACISM A HEALTH CRISIS**

EVERETT - On Tuesday, Mayor Carlo DeMaria made a declaration officially declaring racism a public health crisis in Everett - ensuring that racism and discrimination both remain intolerable.

That was bolstered by the announcement of a review of policies and practices at the Everett Police Department, and a list of actions that have been implemented immediately – including barring chokeholds, continuing more diverse hiring, and creating regional reforms to the Internal Affairs departments in area law enforcement departments.

“The City of Everett is culturally rich and abundantly diverse,” he said. “Racism or discrimination, in any form, will not be accepted nor tolerated. It is with this in mind that I find it imperative to declare racism a public health crisis in the City of Everett.”

LOCAL STUDENT GRADUATES FROM CENTRE COLLEGE

Luis Barreras graduated from Centre College during the College’s virtual Senior Celebration held on Sunday, May 24.

Barreras of Lynn was awarded a bachelor of science degree in behavioral neuroscience. A graduate of Salem Academy Charter School, Barreras’s parent is Ana Ortiz of Lynn.

Centre held the virtual Senior Celebration to honor the 352 members of the Class of 2020 on the date originally scheduled for Commencement. President John and First Lady Susie Roush for Commencement. President David A. Greene, said President David A. Greene, speaking live from Colby’s Lorimer Chapel.

“Colby,” he said, “you lived in a community where relationships are central to everything we do. The irony that we all recognize is that learning and living through deep, meaningful relationships—the most fulfilling, enlightening way to live—is threatened when this pandemic limits close personal interaction. But this threat will not last.

“The knowledge that we are better together,” he said, “that human connection and the bonds of community are essential to humanity will drive us to eradicate the damaging impact of this virus.”

President Greene also highlighted the class’s scholarly and creative talents, its courage in challenging community norms, its athletic championships, and its engagement with the city of Waterville.

Founded in 1813, Colby is one of America’s most selective colleges. Serving only undergraduates, Colby offers a rigorous academic program rooted in deep exploration of ideas and close interaction with world-class faculty scholars. Students pursue intellectual passions, choosing among 58 majors or developing their own. Colby’s innovative and ambitious campaign, Dare Northward, will support deeper connections between the College and the world and a fully inclusive experience for all Colby students. Colby is home to a community of 2,000 dedicated and diverse students from more than 65 countries. Its Waterville, Maine, location provides unique access to world-class research institutions and civic engagement experiences.

UNION COLLEGE HONORS CLASS OF 2020 DURING VIRTUAL CEREMONY

The 90-minute event, “Honoring U: A Tribute to the Class of 2020,” premiered on YouTube and Facebook. It featured the conferral of degrees on the 477 members of the class by President David R. Harris.

These students included:

Jennifer Duran, of Lynn, graduated with a Bachelor of Arts degree cum laude majoring in Economics.

Corinne Jean-Gilles, of Lynn, graduated with a Bachelor of Arts degree cum laude majoring in Political Science.

Union College, founded in 1795 as the first college chartered by the New York State Board of Regents, offers programs in the liberal arts and engineering to 2,100 undergraduates of high academic promise and strong personal motivation. Union, with its long history of blending disciplines, is a leader in educating students to be engaged, innovative and ethical contributors to an increasingly diverse, global and technologically complex society.

LASELL UNIVERSITY HONORS CLASS OF 2020

Congratulations to the graduates of the Lasell University Class of 2020!

Brandon Diniz of Lynn: BS in Criminal Justice
Bertine Fils-Aime of Lynn: BS in Accounting
Francisco Villacorta of Lynn: BS in Psychology

Natalie Manfra of Lynn and Julianna Beratis of Lynn were among over 950 graduates from Lasell University in May 2020.

Curry College
Curry College congratulates roughly 1,000 students who were named to the Spring 2020 Dean’s List. To earn a place on the list, full-time undergraduate students - those who carry 12 or more graded credits per semester - must earn a 3.3 grade-point-average (GPA) or higher.

Fidelia Eleazu of Lynn and majoring in Community Education
Jaclyn Keighley of Lynn and majoring in Communication
Mathieu Gokas of Lynn and majoring in Management
Jared McAvoy of Lynn and majoring in Management
Paige Fialho of Lynn and majoring in Nursing
Tayjaha Wilson of Lynn and majoring in Nursing

About Curry College
Founded in 1879, Curry College is a private, four-year, liberal arts-based institution located on 131 acres in Milton, Mass. Curry extends its educational programs to a continuing education branch campus in Plymouth, Mass. Curry offers 28 undergraduate majors, as well as graduate degrees in business, accounting, education, criminal justice, and nursing, with a combined enrollment of over 3,700 students.

The student body consists of approximately 2,000 traditional undergraduate students, and 1,700 continuing education and graduate students. Approximately 1,575 of its students reside on the Curry campus. The largest majors are business management, communication, nursing, criminal justice, and education, and the college is also internationally known for its Program for the Advancement of Learning (PAL). The College offers a wide array of extra-curricular activities ranging from 15 NCAA Division III athletic teams to an outstanding theatre program. Visit us on the web at www.curry.edu.

GIGUERE RECEIVES DEGREE FROM WESTERN NEW ENGLAND UNIVERSITY

Eric Giguerre, of Lynn graduated with a BS Business Administration from Western New England University in May 2020. Giguerre was among over 950 students who received degrees from 25 states and six countries.

The top five fields of study were Mechanical Engineering, Criminal Justice, Sport Management, Psychology and Accounting.

A Salute to Undergraduate students of the class of 2020 featuring a driving parade of the Western New England community, conferred of degrees, memories of the journey, and a live chat can be viewed here (https://youtu.be/ruftr3pw-1o).

All Class of 2020 students will be warmly welcomed back to campus for a traditional ceremony when it is safe to do so.

Having just celebrated its Centennial, Western New England University is a private, independent, coeducational institution. Located on an attractive 215-acre suburban campus in Springfield, Massachusetts, Western New England serves 3,825 students, including 2,580 full-time undergraduate students. Undergraduate, graduate, and professional programs are offered through the Colleges of Arts and Sciences, Business, Engineering, Pharmacy and Health Sciences, and the School of Law.

SMITH OF LYNN GRADUATES FROM COLBY COLLEGE

Daniya M. Smith of Lynn, Mass., was one of 480 seniors who graduated from Colby College in Waterville, Maine, May 24, 2020, receiving a bachelor of arts degree.

Smith, who majored in urban studies (independent), attended Pingree School and is the son of Tawnya Smith of Lynn, Mass.

“This was to be the day that we would gather on Miller lawn for your formal commencement exercises and all that they represented in terms of your learning, accomplishments, and growth,” said President David A. Greene, speaking live from Colby’s Lorimer Chapel.

“At Colby,” he said, “you lived in a community where relationships are central to everything we do. The irony that we all recognize is that learning and living through deep, meaningful relationships—the most fulfilling, enlightening way to live—is threatened when this pandemic limits close personal interaction. But this threat will not last.

“The knowledge that we are better together,” he said, “that human connection and the bonds of community are essential to humanity will drive us to eradicate the damaging impact of this virus.”

You’d think at least one of them could tell you how to renew a passport.

A public service message from the U.S. General Services Administration.
MWRA water report is in the mail

Throughout the month of June, the Massachusetts Water Resources Authority is mailing its Annual Water Quality Report to every household in its service area.

The report also ensures that the water system meets every federal and state drinking water standard.

“Of course coronavirus is first and foremost on everyone’s mind this year. While this report looks back on water quality results from 2019, I want to assure you that your drinking water does not contain or carry the virus and that your water quality remains as excellent,” said MWRA’s Executive Director Fred Laskey. “The dedicated women and men who run this critical water system have been hard at work throughout the pandemic - protecting the watersheds, running the treatment plants, taking samples every day and performing maintenance.”

The report is distributed to over 850,000 homes in the MWRA service area as required under the federal Safe Drinking Water Act. Community-specific inserts also provide information about municipal water systems.

The report is also available online and a Spanish language version will be available soon. A larger-print version is available upon request.

For more information, please visit MWRA’s website at www.mwra.com or call 617-242-5323.

NSCC wins 2020 Patrick Prize for Community Colleges for Machining Training Program

The Boston Foundation is pleased to announce that North Shore Community College has been selected as the recipient of the 6th Annual Deval Patrick Prize for Community Colleges. NSCC was awarded the $50,000 prize in recognition of the Machining Training Program, a collaborative partnership between NSCC, technical training institutions and local employers to prepare unemployed or underemployed workers for advanced manufacturing jobs.

North Shore established the Machining Training Program in its current form in 2017, building upon established machining training efforts. The six-month, full-time certificate program combines foundational skills coursework at the college with hands-on technical training at local technical schools with career readiness components provided by the MassHire-North Shore Career Center. Local employers provide input into the curriculum and best practices, ensuring that students completing the program are well-matched for local advanced manufacturing jobs. The program boasts a nearly 100% employment rate.

“COVID-19 has placed unprecedented strain on our workforce and economy — but it is also challenging labor markets to open opportunities for innovation and collaboration,” said Paul S. Grogan, President and CEO of the Boston Foundation. “Our region’s community colleges are playing a critical role in developing our future workforce, and programs like the Machining Training Program can serve as a model for a regional workforce development program that the Advanced Manufacturing Expansion Program (AMTEP), funded by a grant from the GE Foundation, which will greatly expand the Advanced Manufacturing pipeline with the goal to train more than 900 participants by 2024, including unemployed and underemployed adults and underrepresented populations such as veterans, people of color, women, those without high school credentials, and non-native speakers of English.

The award comes as Dr. Gentile closes out seven years as President of North Shore Community College, retiring from the college effective July 6.

“While Dr. Gentile’s leadership will be sorely missed, we are proud to be able to recognize the impact of her work with this award,” added Grogan. “She has left a lasting imprint on the college, its work and the North Shore region.”

The award is part of the 6th Annual Deval Patrick Prize, which recognizes outstanding community college leadership throughout the state of Massachusetts. The award is sponsored by the Foundation and local employers, and is open to community colleges across the state.

The award comes as Dr. Gentile closes out seven years as President of North Shore Community College, retiring from the college effective July 6.
